Dear Mercier partner,

Due to the recent 60 Minutes concern over Lumber Liquidators, Mercier Wood Flooring is confirming that all his Mercier Generations products are Greenguard Certified.

The GREENGUARD Gold Certification requirements comply with the State of California's Department of Public Health Services Standard Practice for Specification Section 01350 (California Section 01350) for testing chemical emissions from building products used in schools and other environments.

GREENGUARD Gold Certification (formerly known as GREENGUARD Children & Schools Certification) offers stricter certification criteria, considers safety factors to account for sensitive individuals (such as children and the elderly), and ensures that a product is acceptable for use in environments such as schools and healthcare facilities. It is referenced by both The Collaborative for High Performance Schools (CHPS) and the Leadership in Energy and Environmental Design (LEED) Building Rating System.

Should you have any questions or comments, please do not hesitate to contact your Mercier representative.
